Dear Mr. Ellsberg,

What a pleasant surprise to have come home and receive a book about VN. I am honored that you have remembered and autographed it for me. I feel very special!

So far, I've only read a few pages, but hope to finish the book very soon. It's so captivating because I knew of and have met some of the people mentioned in your book "Secrets."

I would also like to thank you for taking your time out to attend my loving brother-in-law Ev Bumgardner's memoriam at the Arlington National Cemetery. My sister Odette and her family sincerely appreciate your kind and generous gesture.

If you happen to be in the DC area, please call on us. My husband Charles and I would love to visit with you during your stay.

Sincerely,
